CORRECT INFORMATION

IS VALUABLE TO YOU!

Cooperate with the City of Chicago and those of your family by seeing that your name and those of your family are listed correctly in the City Directory. This has been proved thousands of times in cases of employment applications, proof of residence, and applications for welfare assistance, distribution of mail, etc. Better established . . . on record . . . by seeing that your name is not missed or incorrectly listed . . .

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

PUBLISHERS NOTE

This directory contains public information gathered by an actual door-to-door canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city and suburban Directories, present to subscribers and the general public, this, the latest edition of the Seattle City Directory.

Confidence in the continued growth of Seattle's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this city Directory are consulted, for the City Directory is a mirror truly reflecting Seattle to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories, in the estimation of the public throughout the country, has been established by rendering the best in City Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Seattle City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a great commercial center like Seattle, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper.

This Directory aims to show the name, marital status, occupation and address of each adult resident of Seattle, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and zip code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the City Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Seattle.

The Seattle Directory Library

Through the courtesy of the publishers of the Seattle City Directory, a Directory Library is maintained at the Seattle Public Library, 1000 Fourth Av., for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

SEATTLE

THE FINANCIAL AND INDUSTRIAL METROPOLIS OF THE PACIFIC NORTHWEST

Seattle Center is a year-round 74-acre convention and family entertainment center that provides residents and visitors alike with a magnificent array of facilities and services. The beautifully maintained grounds, fountains and buildings are a legacy of the 1962 World's Fair. High point, and landmark of the city, is the 607-foot Space Needle, the first of the tall towers with revolving restaurants on top. The outside pod-like elevators deposit visitors either on the observation deck or in the restaurant for some of the most spectacular views to be found anywhere. The Monorail, a 90-second "horizontal elevator" that connects the Center with the downtown hotels, restaurants and stores, glides sleekly to and from the fairgrounds.

Gateway and primary supply center to Alaska.

Closest major United States port to the Orient.

Boat, shipbuilding and repair center, including major shipyards—Lockheed Shipbuilding and Construction Company and Todd Shipyard Corporation.

Terminus of two transcontinental railroads, dozens of motor carriers and home port of major transPacific and Alaskan ocean carriers.

Second largest container port of the United States.

Headquarters city for thousands of firms—manufacturers, wholesalers, distributors and service companies.

Headquarters of the Washington State Ferries—the MARINE HIGHWAY SYSTEM—and southern terminus of Alaska's great ferry fleet.

Fifth largest city on the Pacific Coast—largest in the Pacific Northwest.

A port that can handle the world's largest ocean liners now operating or on the drawing boards. Thirty-one international, national and regular commuter airlines operate scheduled flights out of Sea-Tac Airport.

Three exquisite city lakes, public golf links, swimming pools and beaches, thousands of acres of parkland and hundreds of miles of Puget Sound, river and lakefront and striking Sound—, mountain—, lake—and river—view property.

Port of Seattle

Seattle is located in the center of western Washington, on the eastern shore of Puget Sound, an inland water body connected to the Pacific Ocean. Puget Sound occupies a major lowland area between two mountain ranges, the Olympics to the west and the Cascades to the east. Built on seven hills between the expanse of Puget Sound and the freshwater lakes to its east, Seattle is a beautiful city with unmatched mountain and water views. It is virtually impossible to travel very far within the Seattle area without being confronted by the magnificent spectacle of mountains, shorelines and lush greenery.

Outdoor sports are enjoyed year-round. Fishing, both fresh-and-saltwater, is superb. Hunting for big game and birds is excellent. Water skiing was "invented" here and a warm summer day finds the skiers swooping among the sailboats and motor cruisers that take to the water from dawn to dusk.

Hydroplane, auto and horse racing, major league football, basketball, baseball; soccer and hockey and college and Pacific Ten sports.

Center of extensive forest—products industry and huge sustained—yield forests.

Snow skiing is a popular winter sport with excellent accommodations and facilities within an hour's drive of Seattle. Spectator sports include major league basketball (The Sonics), baseball (The Mariners), football (The Seahawks), horse racing and during Seafair Week, unlimited hydroplane racing on Lake Washington. And don't forget sailing on the many lakes and on the Puget Sound, both as a participant and as a spectator sport.

It's a great seafood town. The cold, clear waters of the Pacific yield such delicacies as Dungeness crab, tiny Olympia and larger Pacific oysters, salmon, and a variety of firm white-fleshed fish. In addition, international cuisine is featured in an almost endless variety of atmospheres including basements, hotel penthouses, alleys, old mansions, boats and piers.

Home port of myriad pleasure craft with thousands of miles of sheltered seas to cruise and fish, with scores of beaches within easy reach by car or boat.

A short drive away from two striking, river-spawning mountain ranges—the Olympics to the west and the Cascades to the east—with limitless picnicking, skiing, hunting, hiking, fishing and camping opportunities.

Within easy day-trip of ocean beaches and Canada's splendid Pacific cities—Victoria and Vancouver, B.C.

The financial metropolis of the Pacific Northwest.

Fine hotels and restaurants, stores of all kinds and shopping centers.

Headquarters of a great aero—space industry, led by the Boeing Company.

Gateway to almost anywhere by a score of major airlines.

The Seattle Symphony Orchestra, The Seattle Opera, Seattle Repertory Theatre and the Pacific Science Center are among the extensive cultural offerings of the great 100—acre Seattle Center.

An outstanding public school system, junior colleges, colleges and four universities—the University of Washington, Seattle University, and Seattle Pacific University.

Seattle—a great place to live, work and raise a family.

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service — of an indefinite nature— and questionable value—to be rendered in the future, *if you pay in advance*. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An Alphabetical list of names and addresses of residents, business concerns and institutions, plus wife's name and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A Householders' Directory including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A Classified Business Directory -listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "Yellow Section" or Buyers' Guide, where the advertiser may explain in greater detail the services or products he has to offer.

5

A Statistical and Historical Story of your city; plus miscellaneous other information.

A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

We're the University Book Store. And books are our bag. Matter of fact, we're the *only* book store that stocks every book required for every U. of W. course. New books, used books, in hardback and paperback. If you need it, we probably have it. If we don't, we'll special order it. But don't be fooled by our name. We have a lot more than just books. Things like sporting goods; student, art and engineering supplies; records; calculators; cameras; men's and ladies' fashions; office supplies and one of the best gift departments around. Plus, we gift wrap your packages free, have an in-store mailing service and pay the postage on books mailed anywhere in Washington State. So next time you're in the neighborhood, come inside. We think you'll like what you find.

USERS AGREE . . .

- 1 The City Directory is the only record in existence that aims to identify every adult resident in your community with sufficient other information enabling you to select and contact your best prospects for sales and service.
- 2 The City Directory's Street Directory is again the only "complete" Street Directory of all streets and residences in your community and, therefore, is the only sure way to identify everyone in a given area or on a given street.
- 3 The City Directory is unequalled when used for verification of information by your sales, service and office personnel and is considered a virtual necessity by most business and professional firms.
- 4 The City Directory pays back its cost many times over when used intelligently in the daily conduct of business by those in your firm who come in contact with your customers and prospects or have anything to do with processing information about them.

PRESTIGE ADVERTISING

By having and using your own copy of the local City Directory, you can positively identify—and reach—the kind of person, business firm and family that are most likely to be in the market for the type of product or service that you sell. Through the City Directory you'll be reaching the individuals and businesses with the top purchasing power in your community . . . those who consistently buy when they want to buy, not when they have to.

By advertising in your local City Directory, you can make sure these same people can identify and locate YOU.

You join with the backbone of your community business life: you become an integral part of the permanently established, successful firms in your community when you advertise in your local City Directory. This is prestige advertising without the financial penalties normally associated with prestige advertising.

YOUR CITY DIRECTORY— AN INVESTMENT—A BUSINESS TOOL

That will return tremendous dividends in the effective and efficient operation of your business when used intelligently. Be certain that everyone in your organization is carefully instructed and thoroughly familiar with the information it contains and how to use it. To assist you, the publishers have included detailed instructions on the opening pages of each of the four Directories which should, in a general way, familiarize each user with its contents and applications.

Also, should you desire additional copies of these instructions, please write the publishers at the address in the front of your Directory.

DAYS A YEAR-EVERY YEAR

THINK IT OVER

Don't Use An Old Directory!

One address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

**Why not avail yourself
of fresh information
for your daily use?**

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.
